NEXT MEETING - Cassidy School, between 65th & 66th on Lansdowne, West Philadelphia, Pa.

D. - First Monday of the Month, Jan. 4th, 1954, 1954, 1954, 1954, 1954, 1954, 1954, 1954, 1954.

REFRESHMENTS - Door Prizes donated by Almo & Resco.

PROGRAM - Movies are planned because of a hole in our program scheduling. If you have a source for a good movie which you think would be of interest to the group bring em out. The new program director (an unknown quantity at this writing) is going to need support so scratch around a bit and see what you can come up with. ED's note-prepositionally ended sentences are permissible in this King's English.

VISITORS TO THE LAST MEETING - W3VZC, OX3BD, W3NNC, W3UXX. Looks like we have pretty nearly reached the saturation point in new mobiles - W3UYI was heard on again.

NEW MEMBERS - W3THD, George Goodman lives in Hatboro & works for Stanley Craven as a TV repairman. He has 10-40-80 at home - no mobile as yet. W3WNC, Hymen Hegt lives in Hatboro and is self employed in the manufacture of store fixtures. ED's note-some day we will publish all the occupations of the members just for kicks- it ought to be interesting. Talk about getting things 'olesale we sure have the connections in Phil-Mont. It's no wonder they call Phila. the 'olesale city. 'Hy' is on 10 to 80 with 130 watts at home and offers an assist on the Technical and TVI committees. No mobile as yet. Lots of rigs floating around fellers at very goo prices - just let the blurb know what you want. W3KHF, Charles O'lonc lives in Willow Grove & works for Robertson Fulton Controls Co. as director of Quality Control. He is on 10-40-80/75watts at home & 10m/25w in the car. W3LCT, William Gelvin lives in Upper Darby & works for the Simplex Valve & Meter Co. as a service engineer. Bill is on 10m-75m/35w mobile. W3QCV, W. Laurence LePag3 is self employed as an Engineering & Management Consultant in Phila. He has 20-10-2/120w at home, 75-40-20-10-2 in the car. We can't figure out how we have so many new members all at once, must be they are trying to find some more income deductions hi.

LATEST SCOOP - Every time the typer runs on to a 1954, 1954, 1954 --- it stutters a bit - must be it's reminding us we are one year older - don't laugh you are too. The club is programing 15 minutes on WPWA 1:15 PM Sat. Jan. 16th, don't forget to listen in on 1590 kc on your IF. W3ART Ralph presented the club with their award for the display at the Almo sponsored electronics show. It is appreciated - we expect to get first place next year - plans are already formulated. The Lansdale parade as far as communication went was not the success it has been in the past due primarily to a change in management - looks like we will have to send our new management consultant member out to beat their ear. W3OVO is trying to sponsor a national Mobile Week apparently as a publicity stunt for the hams. Sounds good - send him a note indicating your wishes. Wot a wallop a convention would be in Phila. We announce our new Officers with many thanks to the out going fellows.

PRESIDENT ----- W3VVS, Paul H. Bohlander, 2731 Hawthorne Rd., Ardsley, Pa.

VICE PRESIDENT -- W3IRS, W3PIT, Charles Andrews, 131 Sherbrook Blvd., Upper Darby, Penna.

SECRETARY ----- W3QQH, Clinton R. Spencer Jr., 124 Central Ave., North Hills, Penna.

TREASURER ----- W3DSG, Ernest Juliani, 518 Gordon Ave., Penn Valley, Narberth, Pa.

We again have a good solid core of an organization on which to build and prosper for the ensuing year. If you continue to help them as well as you have done in the past there can be no doubt of our future. The blurb staff could write 3 pages on the fine job the Ex officers have performed but when it is all simmered down - nothing can surpass a few little words - Thanks Chuck, Jay, Spence, & Ernie for a job well done. The rag is forcibly short this month because of holiday interference which is something like Television Interference except it comes only once a year thank goodness. Be prepared for an issue the size of Seers & Sawbuck next month. Have a Happy New Year.

SW 7:30 to 8:00 a.m. weekdays
